MoDOT North Central Area Work Zones
Memorial Day through Labor Day 2006

S moother, safer highways are on the way...but motorists will drive through more work zones than ever this summer in Missouri.

☑ **Smoother, Safer, Sooner**
Amendment 3

That's because MoDOT is planning a record number of improvement projects thanks to voter approval of Amendment 3. This list details the MoDOT highway construction projects in north central Missouri that will be under way from Memorial Day through Labor Day 2006. Motorists can call MoDOT toll-free at **1-888 ASK MODOT (275-6636)** or visit **www.modot.org** for daily lane closure information.

INTERSTATE ROUTES

☑ **I-70 - Saline County**
Resurfacing 14.5 miles of the eastbound and westbound lanes from the Lafayette County line to the Blackwater River.
December 2006 Completion
Amendment 3 Project

☑ **I-70 - Saline County**
Install new emergency reference markers, replace flexible delineators with channel post delineators (at ramps only), and install new delineators on guardrail and concrete traffic barriers on 24 miles of I-70 to increase visibility. Statewide project.
December 2006 Completion
Amendment 3 Project

US ROUTES

Route 136 - Mercer County
Replace bridges over Union Pacific Railroad and Wildcat Creek east of Princeton. Includes 0.83 miles of resurfacing on Route 65 through Princeton. The bridges will be constructed on a new alignment just south of the existing roadway. Traffic will be maintained on the existing roadway during construction.
October 2007 Completion

Route 36 - Macon County
Four-laning, grading, paving and new bridges on 8.0 miles from the Linn County line to just east of New Cambria. Includes a new interchange at New Cambria and a concrete overlay of the existing lanes from Callao to the Linn County line.
December 2006 Open to Traffic

Route 63 - Adair and Macon Counties
Finishing touches to the 20-mile four-lane project opened to traffic October, 2005. Construct turning lanes at median crossovers. Sections of one-lane traffic.
Project Began April 2, 2006
May 2006 Completion

Route 63 - Randolph County
Four-laning, grading and paving 10.6 miles from Moberly to Jacksonville. Includes a new interchange at Business Route 63 north of Moberly and resurfacing of existing lanes.
September 2006 Completion

Route 65 - Livingston County
Replace Coon Creek Bridge 0.5 miles south of the Route 36 interchange near Chillicothe.
One-way traffic during construction
Project Began April 3, 2006
October 2006 Completion

Route 65 - Livingston County
Replace surface of the Grand River Bridge just south of Coon Creek Bridge near Chillicothe with epoxy bridge deck. Includes painting the bridge.
One-way traffic during construction
Project Began April 3, 2006
October 2006 Completion

NUMBERED ROUTES

Route 6 - Grundy County
Resurface 10.4 miles from the Daviess County line to east of the Rt. 65 intersection in Trenton. Includes bridge rehabilitations over Hickory Creek and the Thompson River west of Trenton, new shoulders, guardrail and dirt work.
One-way traffic during construction
Project began February 2006
November 2006 Completion

BUSINESS ROUTES

Business Route 65 - Saline County
Resurfacing 2.3 miles of Business Route 65 (Odell Street) in Marshall. Includes alignment of the intersection of Business Route 65, Route WW and Morrow Street. Curb, gutter and storm sewers will be installed on a portion of the project.
Project Began March 2006
Winter 2006 Completion

☑ *Indicates an Amendment 3 project*

Please Note: All projects listed are scheuled during daylight hours unless otherwise noted. Many projects will include lane closures, and delays can be expected any time during the duration of a project.

Routine highway maintenance will take place thoughout the year. Work zones will be utilized for these operations. All construciton and maintenance is weather dependent. Completion dates are subject to change.
